How to Find Your Member or Pension Number

All Tiers

April 2024

Member Number:

Your Member Number is issued to you at the time you join NYCERS. It is six digits and appears on your payroll checks, paystubs and communications from NYCERS. Some paystubs may refer to your Member Number as your Pension Number.

If you receive your payroll checks by direct deposit, your Member Number appears on your E-Stub, which can be found in your Employee Self Service account (mayoral agencies only). To view your E-stub, log on to Employee Self Service at <u>www.nyc.gov/ess</u> and click "Payroll and Compensation," followed by "View My Last Pay Stub," and then "Pay Statement Details."

Pension Number:

Your Pension Number is issued to you after you retire and is different from your Member Number. It is six digits, followed by a dash and a suffix code, and appears on your pension checks and communications from NYCERS. Your Pension Number may appear after the letter "N," but this letter is not part of your Pension Number.
